## EXPERIENCE

### Sales & Marketing Intern · Ifelse Techsmart Solutions Pvt Ltd

Aug 2023 – Nov 2023

- Planned and executed multi-platform digital campaigns — including social media content and audience-targeted messaging — driving a 10% uplift in customer engagement
- Produced marketing copy and creative assets for campaign posts, applying persuasive writing to improve click-through and audience reach
- Qualified leads through demographic trend analysis, improving lead quality by 15% and identifying high-potential customer segments for targeted campaigns
- Coordinated cross-functional follow-ups between sales and marketing teams; maintained CRM records and client communications, sustaining a 95% satisfaction rate
- Assisted in scheduling and planning content calendars to align campaign rollouts with product and promotional timelines

## PROJECTS

### CRO Landing Page with GTM & GA4 Integration

Apr 2026

HTML5 · CSS3 · JavaScript · Google Tag Manager · GA4 · Lighthouse

- Built a mobile-first D2C-style landing page with conversion-focused UX — including persuasive copy, streamlined checkout-style form flow, and trust-signal elements — targeting measurable lead capture
- Achieved 100% campaign-to-lead attribution via GTM event tracking and automated UTM capture; optimised page load speed by 40% and reduced LCP by ~1.6s, meeting Core Web Vitals thresholds
- Validated technical SEO and performance benchmarks using Lighthouse, ensuring search discoverability and a smooth user experience across devices

### Marketing Attribution Dashboard

May 2026

GA4 · Multi-Touch Attribution · Data Visualisation · Next.js · React

- Consolidated \$1.2M+ in ad spend across 5 channels (Google Ads, Meta, SEO, Email, Referral) into a unified attribution model — identified SEO as highest-ROAS channel at 6.1x and uncovered \$1,240 in wasted Meta spend with a modelled +\$2,700 net reallocation opportunity
- Standardised UTM tracking across 50+ campaigns and automated PDF reporting, cutting manual reporting time from 8 hours to 5 minutes; surfaced true channel value via first-click, last-click, and linear models

### AI Content Efficiency Tool

May 2026

Next.js · React · Vercel · LLM API Integration

- Deployed a web app (claude-token-optimization.vercel.app) that converts raw marketing files into LLM-optimised format, reducing AI content production costs and enabling marketers to preview token usage before API submission
